

Park Survey Results Presented at Public Meetings

West Lafayette, IN April 4, 2016 West Lafayette Parks & Recreation Department has begun the process of completing a 5-year Master Plan Update. This process includes gathering community data and community feedback. A survey, which is now complete, has been a very important element in receiving this feedback from the community. This process gives those who are interested an opportunity to express themselves about our programs and facilities.

Now that the survey is complete, the public is invited to participate in a meeting which will provide the results of the survey which was completed by approximately 800 people. Those people answered several questions, and provided their individual opinions on services, programs and facilities provided by the West Lafayette Parks & Recreation Department.

Purdue Extension Staff members Kara Salazar and Michael Wilcox will present the results of the survey to the public. The report on the survey will be presented at 2 different meetings. Either Monday, April 18th at 6:30-8 p.m. at the Lilly Nature Center, OR Tuesday, April 19th at 10 -11:30 a.m. at the West Lafayette Public Library. Both meetings are open to the public. Please let the Parks Office know if you are planning to attend either session by calling 765-775-5110.

For questions related to the Master Plan Update process, please contact Janet Fawley, West Lafayette Parks & Recreation Superintendent: jfawley@westlafayette.in.gov or 765-775-5112(office).
